Following yesterday's recap of the [15 best sneakers worn at WHITE Milano](#), we take a look at 15 brands worth keeping your eye on this upcoming Fall/Winter 2016 season. While some have been staples on the scene for years, others just appeared on our radar for the first time.

Featured in the gallery above (in order) are the latest seasonal offerings from LOSERS, GCDS, Katie Eary, MISBHV, 3.Paradis, Soulland, NONCONFORMIST, Martin Asbjorn, Halo, Feng Chen Wang, Overhead, Mees, Kuro, SW CH and Sempach.

As is usual for the cold, grey season, the color palette is pared back with warm hues comprising a majority of the exhibition's offerings. A few embroidered and patch details made their way onto select pieces, with most brands opting to place the emphasis on silhouette and fabric.

With [London Collections: Men](#) behind us and [Milan Fashion Week](#) currently underway, it's looking to be another great year for men's fashion. Stay tuned for more from Italy's sartorial capital.
